Blast from the Past:
...Celebrating St. Malo’s 120th Birthday in 2012

Manitoba’s first Credit Union
On February 12, 1937, the community of St. Malo came together and 79 individuals founded the first Credit Union in Manitoba. The Caisse Populaire Inc., as it became known, was modeled after the first Caisse founded by Alphonse Desjardins from Lévis, Québec in 1900. This model was an alternative financial institution to banks, which addressed the needs of the community and guaranteed member deposits. The Caisse objective was to give parishioners of the community a “tool” to help each other out of the economic crisis using the “spirit of cooperation.”

This was the Depression era when funds were extremely low and many families, businesses and farms were struggling to stay afloat. This cooperative effort combined all member resources, intelligence (thousands of volunteer hours on the board of directors etc.) and motivation to evolve into the Caisse Financial Group that we know of today. The employees and board of the St. Malo Caisse have been dedicated, skilled, reliable individuals who have devoted decades of their work lives to the management and growth of their member investments. In the first year, under the guidance of the founding manager Arthur Benoit and the board, the Caisse was able to amass assets worth $68,844.15. By the 1992 fiscal year, assets were worth $12,500,000 and by 2011, the assets of the Caisse Financial Group were more than $912,000,000. An amazing accomplishment in 74 years! - The equivalent of approximately 6 full-time jobs and 2 part-time jobs through the project lifecycle.
- Supporting local entrepreneurs, businesses, and contractors by following local procurement practices for related projects (contracting, retail, and administrative)
- Increased service delivery options for residents with mobility challenges and residents who utilize the St. Pierre – De Salaberry Handi Transit Service.
- Increased community and student awareness of environmental issues and feasible solutions to solve them,
- Reduction of waste biomass products which would otherwise be sent to landfill or subject to decomposition (agricultural waste),
- Improved physical space for municipal employees, and
- The diversion of organic waste to the RM of De Salaberry Landfill (increase lifespan of landfill site).

Janica Marion is a very busy nine year-old. Not only is she active in figure skating (along with her older sister Alexie) as reported in last month’s Sports Corner, but she is also very active in dance—more specifically, ballet.
Janica received the honour of being chosen from among more than 100 young dancers to be a participant ballerina in the recent Royal Winnipeg Ballet’s Production of the Nutcracker December 21–28. Janica danced the role of an angel.
Janica, a Grade 4 student from Ecole communautaire Real-Berard, has been dancing for more than six years with dreams of being a professional ballerina. She had applied and tried out on two other occasions for the honour of dancing in the Nutcracker but it wasn’t until this past holiday season that she was accepted. Her sister, Alexie, is the only other St. Malo dance student who has been given this same opportunity.
Congratulations Janica and Alexie on your success as dance performers in the RWB Production of the Nutcracker. St. Malo is very proud of both of you. For more information on the RWB St. Malo Satellite dance program contact Kathy @ 347-5514 or Crystal @ 347-5984

Blast from the Past:

From Page 1

The Caisse has consistently respected its core values and principles by respecting its members’ needs, actively participating in community development and providing the highest quality of professional services to all members. Some of the projects the Caisse has been involved in over the years include the Club Noret, sewing factory, schools, curling club, Provincial Park dam / spillway, water supply system, fire station, sewage system, arena, assisted living residences, housing and farm development, private business and industrial cooperatives. In 1975 the Caisse constructed the building it occupies to this day. It is a prominent business in our town.

In 1987, the St. Malo Caisse received the first Alfred Rouleau Prize ($2,500), awarded by Desjardin Life Insurance, for its remarkable contribution to the social life of and to the community it serves. 2012 marks the 75th Anniversary of the St. Malo Caisse – congratulations on a job well done!

Works of Beautiful Minds a hit in St. Malo

“Works of Beautiful Minds” is the art program (dance, theatre, music, and visual arts) run through EPIC de St. Malo Inc./SMILE of St. Malo Inc. This program is made possible through a grant from the Manitoba Arts Council. Over 35 special needs participants have enjoyed interactive workshops including cartooning, puppetry, drumming, dance and crafts instructed by a variety of Manitoba artists including St. Malo's own Lori St. Vincent from Little Details.

The participants at EPIC are currently working on a new play called "I am a Somebody" to be presented in May at the Chalet Malouin. Alix Babiak has been awarded a grant from the Manitoba Arts Council to write, direct and choreograph the new production in collaboration with the participants at EPIC, Manitoba Theatre for Young People, Mark Cameron (Mr. Mark) and Sharon Stearns, a playwright and actress from British Columbia.

Special Thanks go out to Helene Lariviere and the staff at EPIC for making this all possible.

Great Weather, Great Fun at Festival of Friends

Mother Nature provided beautiful weather for this year’s Festival of Friends at St. Malo Provincial park. Clockwise from left: games and face painting were big hits with the kids under the big tent, others took advantage of the great weather for a toboggan ride and kids at St. Malo School took part in a traditional drum-making workshop. The Festival was well-attended and plans are already in the works for next year’s Festival. Thank you to all volunteers!
