Blast from the Past:

St. Malo Co-Operative: What a success story!
On March 7, 1938, after many months of research and discussion, a group of St. Malo residents met to discuss the idea of forming a “Consumer Co-operative” store with timberyard.
The “co-operative” financial movement (Caisse) had a successful launching in 1937, and Father Arthur Benoit felt the community was very capable of purchasing materials & machinery co-operatively in order to operate a profitable store and timberyard at less than what the costs currently were. This “Co-operative” would also assist the community with projects, including new pews for the St. Malo Catholic Church.

These men, with their strong conviction for success and the support of the Caisse & community, made the decision to form the St. Malo Co-operative that evening. A Board of Directors was elected; Philippe Lambert became President, Arthur Benoit became Secretary and Octave Gosselin was the first Manager. This first Board of Directors had to mortgage their personal property to obtain the $10,000 in capital needed to start up operations. These were brave pioneers willing to take the personal risks on behalf of the community. Continued on Page 14

**Lamppost Project Phase II** – You may have seen some wooden markers on the east side of St. Malo Street. This is where our five lampposts will be erected this summer. In partnership, the LUD and Chamber members are organizing everything that has to be done to complete this project. We have lots to do.

**Planters & Benches** – This town beautification project is again a joint project with the LUD. We will place Barkman Concrete planters and benches in the main walking area of downtown St. Malo to add beauty and a place to rest when out enjoying our wonderful town.

On behalf of the Chamber Directors a big thank you to all the volunteers who helped the Chamber with the Family Hockey Tournament in March. We couldn’t have done it without you!

In closing here is something to think about: Are you appreciative for what you have?

—Lorraine Jones-Racine, President

Spotlight on Agriculture

By: Chris Lobsiger, Agricultural Extension Coordinator, MAFRI
Blast from the Past:

From page 1...

In November, 1939 the St. Malo Co-operative was incorporated and member shares were sold for $5 each, a huge sum in those days. The St. Malo Co-op prospered, the first telephone & cash register were installed in 1942. Then in 1944, the members decided to expand and purchase Alphonse Goulet’s store on Main Street. Growth and success continued and in 1956, an extension was built onto the Co-op to accommodate the booming business.

In 1963 the Co-op celebrated its 25th year with a special celebration and “sale”. Then-President Marcel Colette suggested to the younger generation that they “…follow the pattern set by our fathers to forge ahead with renewed convictions and vigour so that when our children celebrate the 50th Anniversary of our St. Malo Co-operative we shall be proud of the monument we will be leaving behind.”

The St. Malo Co-operative did exactly that! It forged ahead with a conviction that saw the Co-op celebrate its 50th Anniversary in 1988, build a new store in 1989, pave the parking lot, expand its operations, add an office & gasoline pumps and continue to grow and succeed.

There were many challenges along the way and the road was often difficult, but what counts is where the St. Malo Co-op is TODAY and the plans in place for TOMORROW!

There are many, many people (far too many to list in this short article) who are responsible for the success of the St. Malo Co-operative on this, the eve of its 75th anniversary celebrations in 2013.

Many individuals gave years of dedicated service, skills & time (often as volunteers) to ensure that not only did the Co-operative survive but succeed in what the pioneers in 1938 believed could happen—that the St. Malo Co-operative, with the support of the community, could work together for the common good of each and every member!
